

UNIPAS®

Gitterbox 1300

Foldable and stackable gitterbox

UNIPAS

Benefits and Features:

Not just for agricultural products, from farmers to food processing companies, or stores, our Gitterbox is covering the need for a „breathable“ IBC solution. A long-life heavy-duty container, which is normally depreciated for 10 years minimum. Intuitive, single-operator-friendly, and maintenance-free are the basic features.

The unique design with the split-lid offers high variability of loading.

The strong and simple design of the 4-way entry F1 mono cockpit pallet base efficiently carries the maximum loads of the unit. We designed the lightweight construction for demanding environments and to make the loading and unloading as easy as possible.

Product Specifications:

External dimensions W x L x H:

1150 x 1150 x 1230 mm / 45,27 x 45,27 x 48,42 inch

Internal dimensions W x L x H:

1078 x 1078 x 1110 mm / 42,44 x 42,44 x 43,70 inch

Dimensions of the folded product W x L x H:

1150 x 1150 x 340 mm / 45,27 x 45,27 x 13,38 inch

Volume: 1289 l / 284 gallon

Empty weight: 103 kg / 227 lb

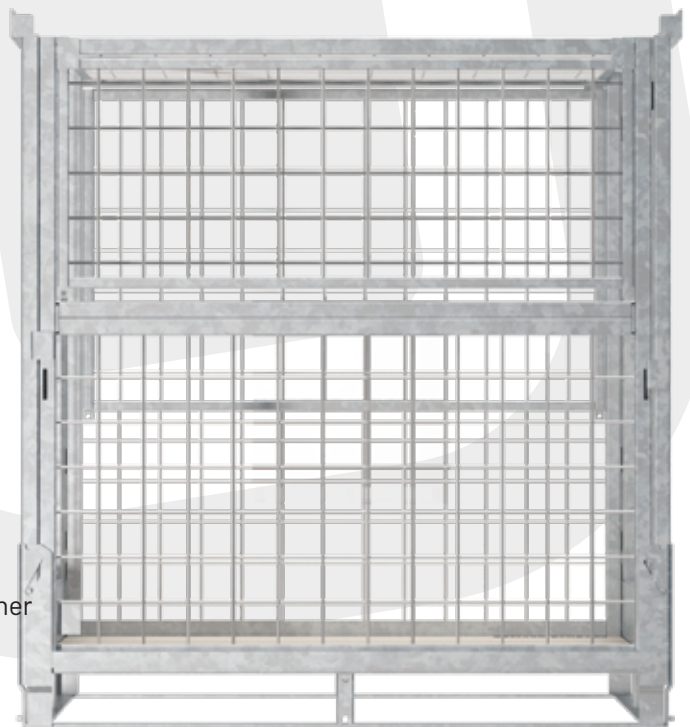

Load capacity: 1690 kg / 3726 lb

Folding ratio: 1:4

Maximum static stacking: 5 fully loaded units on top of each other

Maximum dynamic load: 2 fully loaded units

Material: galvanized steel S235, food grade polypropylen
