

UNIPAS®

Gitterbox 800L

Foldable and stackable gitterbox

UNIPAS

Benefits and Features:

UNIPAS Gitterbox 800L is one of the most well-known industrial units for logistics and storage on the market. The foldable galvanized robust structure enables efficient loading and discharging of material, the side hinged door serves for convenient access to the entire area of the bottom of the container. The Gitterbox has the advantages of fixed storage capacity, neat stacking, clear storage and convenient inventory counting.

The biggest advantages:

- The locking system ensures convenient assembly and disassembly of the gitterbox by one operator
- The polypropylene bottom enables safe storage of smaller objects without losing the load-bearing capacity of the structure
- The galvanized structure is resistant to contamination and other adverse effects
- 4-way pallet base

Product Specifications:

External dimensions W x L x H:

820 x 1215 x 981 mm / 32,28 x 47,83 x 38,62 inch

Internal dimensions W x L x H:

790 x 1180 x 790 mm / 31,10 x 46,45 x 31,10 inch

Dimensions of the folded product W x L x H:

820 x 1215 x 325 mm / 32,28 x 47,83 x 12,79 inch

Volume: 736 l / 162 gallon

Empty weight: 83 kg / 183 lb

Load capacity: 980 kg / 2161 lbv

Folding ratio: 1:3

Maximum static stacking: 5 fully loaded units on top of each other

Maximum dynamic load: 2 fully loaded units

Material: galvanized steel S235, food grade polypropylene
