

UNIPAS®

SBD - IBC Container 1000L

Foldable IBC container for liquid materials with a sloping bottom.

UNIPAS

Benefits and Features:

UNIPAS SBD - IBC Container 1000L it goes with the times and its design enables full use of the container's space, as well as its easy and efficient discharging.

This IBC container has a sloping bottom and a discharge hole integrated in the four-way pallet base. "Sloped Base Discharge" - a sloped base of the container makes it easier to get the material into the discharge hole by gravity. The patented USLS (Unipas self-locking system), a foldable and lockable 50:50 lid and a universal cassette enable efficient logistics.

The biggest advantages:

- Patented USLS (Unipas self-locking system)
- The container can be locked in one place
- Universal cassette for all discharge valves available on the market
- Foldable and locking split lid

Product Specifications:

External dimensions W x L x H:

1111 x 1111 x 1160 mm / 43,74 x 43,74 x 45,67 inch

Internal dimensions W x L x H:

1030 x 1050 x 964 mm / 40,55 x 41,34 x 37,95 inch

Dimensions of the folded product W x L x H:

1111 x 1111 x 412 mm / 43,74 x 43,74 x 16,22 inch

Volume: 1040 l / 229 gallon

Empty weight: 141 kg / 311 lb

Load capacity: 1400 kg / 3086 lb

Folding ratio: 1:2,5

Maximum static stacking: 5 fully loaded units on top of each other

Maximum dynamic load: 2 fully loaded units
